PPTSOFT PAGE FLIPPER 3D

Build Cool 3D page-flip eBook with PPT presentations

About PPTSoft Page Flipper 3D

PPTSoft Page Flipper 3D is a PowerPoint to 3D Flash eBook converter that enables you to create interactive page-flipping digital publications with PPT presentation slides. You can easily build stunning 3D Flash magazines, brochures even reports with this wonderful PPT to 3D PageFlip tool, without any Flash skills needed. Besides the amazing 3D effect, you can define detail information of you author or company, make your audience share your published 3D eBook through Emails, Facebook, iGoogle, Myspace, Twitter, Digg and so on.

Note: This product is distributed on a "Try before-you-buy" basis. All features described in this documentation are enabled. The registered version doesn't insert a watermark in your generated page-flipping eBooks.

Product features

1. Convert PPT to Flash eBook with 3D page turning effect.
2. Preview the output effect instantly.
3. Apply a pre-designed template.
4. Export and save image settings for future uses.
5. Define book title.
6. Set Google ID to analyze visited pages in your 3D eBook.
7. Enable users to share via Facebook, iGoogle, Myspace, Twitter, Digg etc.
8. Set Share ID (ID in AddThis website: <https://www.addthis.com/>) to analyze shared times of your 3D eBook.
9. Enable Auto Flip with setting Flip Interval.
10. Set Zoom Modal to zoom in single page or double pages together.
11. Input Presenter information such as name, website address, Email and details info to show in About Window.
12. Set Flash buttons display language.
13. Define logo and linked webpage to show on Tool Bar.
14. Choose color for Tool Bar.
15. Pre-set tilt angle while opening the eBook.
16. Set background with pure/gradient color or image directly (5 positions for background image: Fill, Fit, Stretch, Tile and Center).
17. Insert background sound and loop status.
18. Output to different formats: HTML, ZIP, EXE, Mobile Version and Burn to CD.
 - HTML allows you to upload to a website to be viewed online (with title, keywords and other metadata defined).
 - EXE (with setting title, icon and open window size) and Zip allow you to send to your user by email to be viewed on their computer.
 - Mobile version is to output HTML flipbook which can be viewed on mobile devices via Browsers.
 - Burn to CD allows you to burn to disk so that you can send your user physical media for viewing on their computer.

3D Digital eBook features

With the 3D eBook you have created, the eBook readers will be able to:

1. Click Page frame bar or navigational buttons to turn pages.
2. View with important pages pre-loaded to open quickly, no need to wait for all pages to be loaded.
3. Go to website by clicking the eBook logo.

5. Define zoom in scales manually.
6. Manually define Tilt Angle to view eBook pages.
7. Flip pages automatically.
8. Turn page-turning sound on/off.
9. View eBook or author detail information.
10. Share eBook URL via Email, iGoogle, Facebook, Twitter, Digg, etc.
11. Print out the whole eBook or a selected range of pages.
12. View page-flipping eBook in full screen.
13. Open in the Browser to a specific page by adding a page index to your URL. E.G. www.yourdomain.com/index.html?p=4.
14. View page-flipping eBooks on iPad, iPhone and Android devices.

Quick Start

1. Launch the application via the desktop shortcut;

2. Click the "Import PPT" icon  to choose PPT file from your computer;

3. Define settings and page layout for eBooks, such as Title, Language,

Share and Background, click "Apply Change" icon  at last;

4. Click "Publish" icon  to enter into Output interface;

5. Choose Output Type from HTML, ZIP and EXE, here take  as example;

6. Click  to set Output Folder as "C:\PPTSoftbook", input File Name as "DemoBook";

7. At last, click  icon to output created 3D page turning eBook.

You can open the "PPTSoftbook" folder in "C:", there are three files in this folder:

Open the "DemoBook.html" file to view your created 3D eBook via Web Browser, such as Internet Explorer, Google Chrome, Firefox, etc.

Using PPTSoft Page Flipper 3D

The below instructions will tell you the details about using PPTSoft Page Flipper 3D with four main panels in this program: Home, Settings and Page Layout.

I. Home Panel

1. Project Part

(1). Import PPT

Click "Import PPT" icon to choose PPT file from your computer.

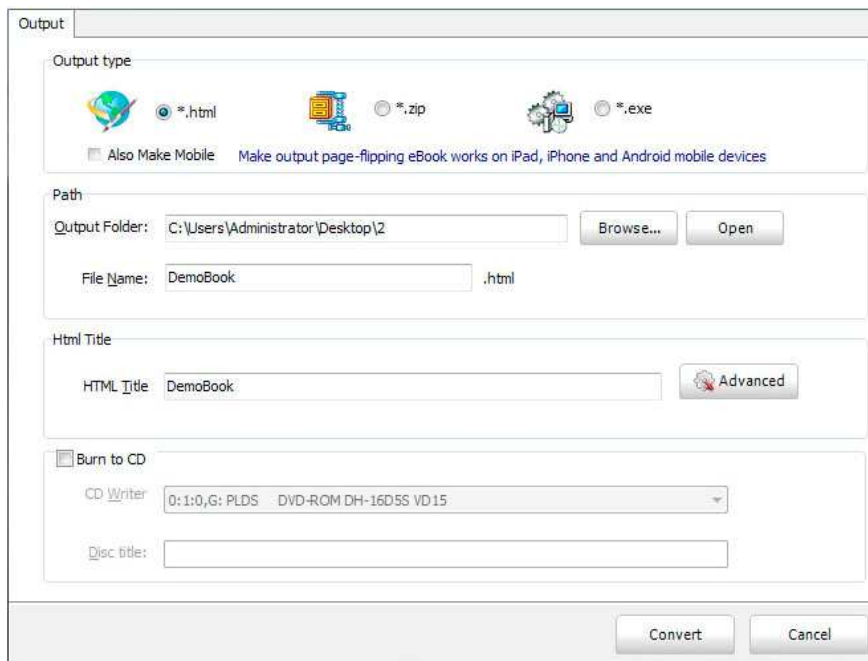

(2). Project

Click "Save Project" to save the imported files and current settings as a project file, and when you want to modify or complete the project, just click "Open Project" to edit the stored project directly.

2. Publishing Part

Click "Publish" icon to enter into publishing interface as below image shows:

Output types:

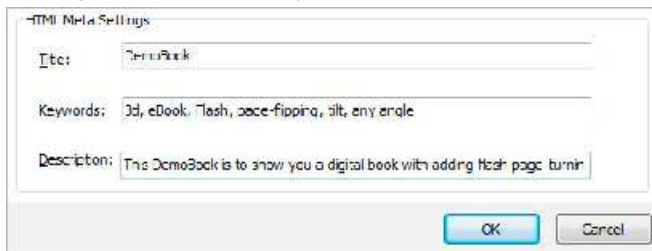

(1). HTML

This output type is for uploading created page-flipping ebook onto websites. You can define HTML Title and other properties by clicking "Advanced" button:

Set Keywords and Description in the below interface:

(2). ZIP

This output type is for compressing the created files into an integral ZIP package which can be sending out as attachment directly. You can also define HTML Advanced Settings by clicking "Advanced" icon. Your recipients just need to unzip the ZIP file and then they can view the HTML DemoBook instantly:

(3). EXE

This type is for outputting 3D flipbook as a single executive file, easy storing and easy viewing. You can also define Icon and Opening Window Size in Advanced Settings:

(4). Mobile Version

You can even output Mobile Version while choosing HTML or ZIP format at the same time.

After creating mobile versions, you just need to output all files online (including HTML, SWF, "files" and "mobile" folders), then you can visit the flipbook page through your mobile browser.

(5). Burn to CD

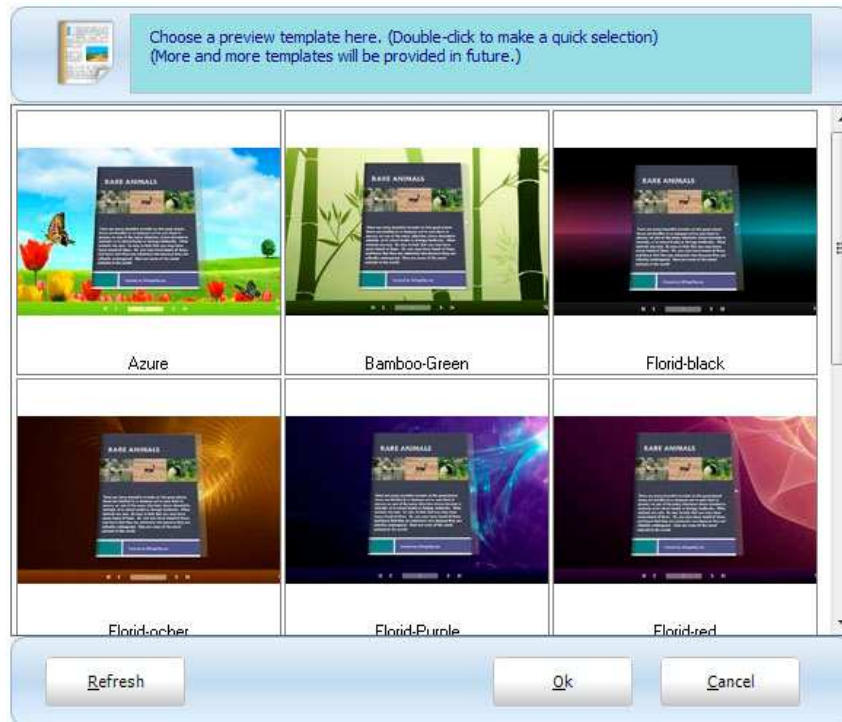

After choosing output type, then check the option "Burn to CD", set "CD Writer", define "Disc title".

At last click  button to output flipbook in defined type.

3. Template Part

Click "Select Template" icon to select templates from below interface:

After selecting a pre-define template, you can do a lot of settings in Page Layout panel which will be introduced later, and then you can click "Save Template" to save your settings for later uses by clicking button "Import Template" directly.

4. Help Part

Click "About" to know the program version information and your register information, click "Help" to read manual of the program.

II. Setting Panel

1. Title

Define the title for your 3D eBook which will be shown on the top of the "About" window.

2. Analytics

A screenshot of the Analytics configuration window. It has a light blue background and contains two input fields: "Google ID:" and "Share ID:". Below the fields is a blue button labeled "Analytics".

(1). Google ID

In the HTML output format, you can add statistics by using Google analytics. You can get more information about Google Analytics ID from <http://www.google.com/analytics/>.

(2). Share ID

PPTSoft Page Flipper 3D uses AddThis sharing platform (<http://www.addthis.com/>), you can build your own user account and you will get your own ID. Then after you publishing your create 3D eBook online, you can know how many people shared your eBook in your account record.

3. Auto Flip

A screenshot of the Auto Flip configuration window. It has a light blue background and contains a dropdown menu for "Enable:" set to "No", and a text input field for "Flip Interval:" with the value "3" and "sec" next to it. Below the fields is a blue button labeled "Auto Flip".

To auto flip your eBooks, you can set "Yes" in "Auto Flip->Enable" option; then define the Flip Interval (seconds of staying on each page). After clicking the Auto Flip button , the flipbooks will be flipped by staying 3 seconds per page.

4. Zoom Modal

A screenshot of the Zoom Modal configuration window. It has a light blue background and contains two radio button options: "Single-page Zoom" and "Double-page Zoom". Below the options is the text "(Double click page to zoom)" and a blue button labeled "Zoom Modal".

You can check one of the options from Single-page Zoom or Double-page Zoom, and once enter into the zoom in interface, viewers are enabled to adjust zoom scales manually:

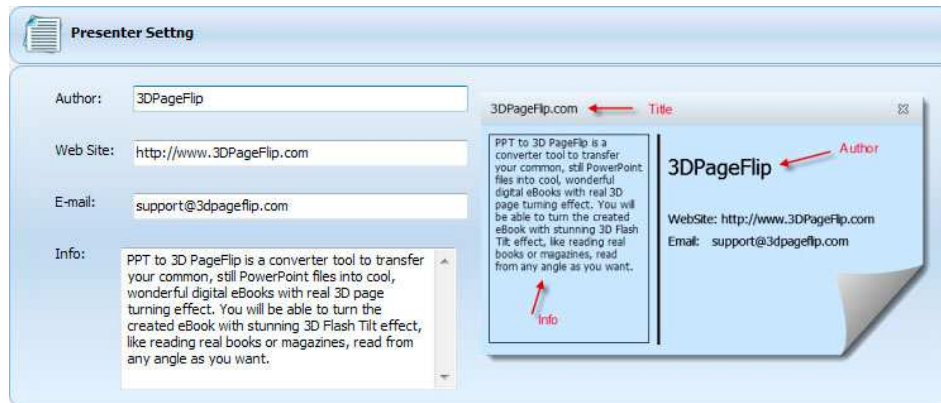

5. Book Info

Click "Book Info" button you will be able to define information about your eBook such as Author, Web Site and E-mail which will be shown in "About" window:

Click "About" button  the below window will pop up instantly:

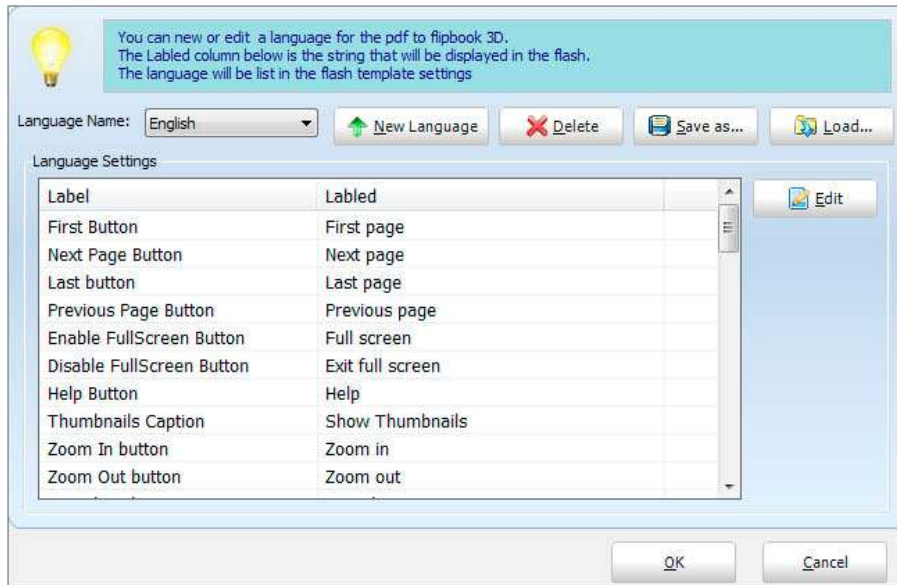

6. Language Part

If you want to use another display language for your 3D flipbook, you can click "Flash

Language" to enter into the Language Settings interface as below shows:

As the tips explaining, the "Labeled" column lists the buttons and instructions on Flash books in defined language, and the program provides you two different languages for you to use: English and Chinese.

You can also add other language for your own uses:

1. Click the button  and define name for the new language:

Click "OK" to save the new language in the list;

2. Choose the first label and click "Edit" button , define new language text in "Labeled" box, then click "Save And Edit Next" (Alt+S):

3. At last, you can get all Labels translated into your new language.

You can delete unwanted language:

Or save your edited new language file as XML or TXT file:

Load language file saving before for current using:

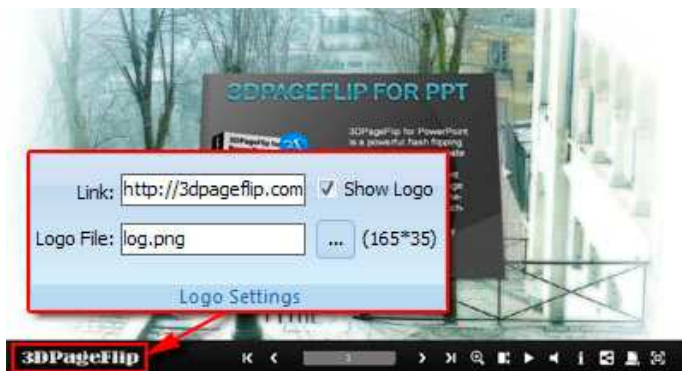

At last, click **Apply Change** icon to apply the settings.

III. Page Layout Panel

1. Logo Settings

Check "Show Logo" option to display your logo on the left side of the tool bar (165*35 is the recommended size of your logo image), you can also add link to the logo for viewers to click and go to your website directly:

2. Tool Bar

You can define the "Base Color" for the tool bar.

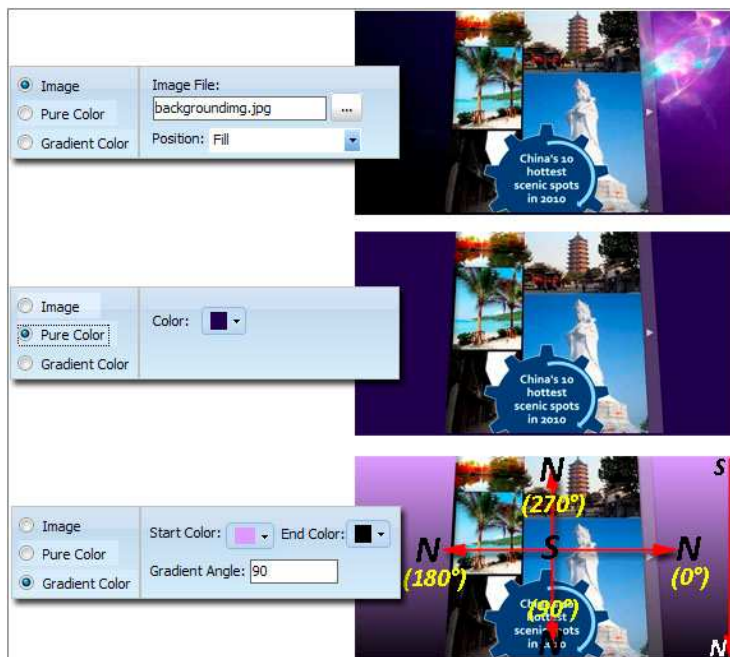

3. Tilt Angle

You can define default tilt angle for your created digital book, the value you can set to is number between 0 and 90. The readers can change tilt angle manually too by clicking the "Tilt Angle" icon  or just wheel the mouse directly.

4. Background Config

If you don't want to use the background in pre-set templates, you can design your own background with Image or Color directly:

5. Sound Part

If you want to add background sound to your flipbook, such as a song or other audio file, click "..." icon to choose "Sound File" from your computer, then set "Loops" as "Yes" or "No" for playing the sound file all the time while viewing flipbook or just play once.

At last, click **Apply Change** icon to apply the settings.

License Agreements

All copyrights to PPTSoft Page Flipper 3D (the Software) are exclusively owned by PPTSoft.com. For more information, visit our website at www.PPTSoft.com.

Anyone may use this software but all the page-flipping eBooks generated will automatically have a demo watermark on the first page of them. To remove the limitation you must register.

Once registered, the user is granted a non-exclusive license to use the Software on one computer (i.e. a single CPU) at a time. The registered Software may not be rented or leased, but may be permanently transferred, if the person receiving it agrees to terms of this license.

The Software unregistered (trial) version may be freely distributed, provided the distribution package is not modified. No person or company may charge a fee for the distribution of the Software without written permission from the copyright holder.

THE SOFTWARE IS DISTRIBUTED "AS IS". NO WARRANTY OF ANY KIND IS EXPRESSED OR IMPLIED. YOU USE AT YOUR OWN RISK. THE AUTHOR WILL NOT BE LIABLE FOR DATA LOSS, DAMAGES, LOSS OF PROFITS OR ANY OTHER KIND OF LOSS WHILE USING OR MISUSING THIS SOFTWARE.

You may not use, copy, emulate, clone, rent, lease, sell, modify, decompile, disassemble, otherwise reverse engineer, or transfer the licensed Software, or any subset of the licensed Software, except as provided for in this agreement. Any such unauthorized use shall result in immediate and automatic termination of this license and may result in criminal and/or civil prosecution.

All rights not expressly granted here are reserved by 3D PageFlip.

Installing and using the Software signifies acceptance of these terms and conditions of the license.

If you do not agree with the terms of this license you must remove the Software files from your storage devices and cease to use the product.

How to Order

Order Online (<http://www.PPTSoft.com>) or Order Toll Free 1-877-353-7297 (When you order toll free just give the operator the product number of the product you would like).

How to purchase online?

1. Select a license type above, and click [Buy Now]
2. Select the currency that you want to use. (You can also continue shopping)
3. Fill billing information and select a payment method. (Your information is safe with us)
4. Check the information you filled previously and click "Place Secure Order"

Other Order Ways—With Phone/Mail/Fax/Check:

If you are not comfortable ordering online with a credit card, you are welcome to choose an offline order option in the payment section of the order process. We accept mail, fax, wire, and PO (if applicable) ordering options in addition to ordering online. We also provide phone orders through our 24x7 order desk at 1-877-353-7297, or (952) 646-5331 for International Callers.

Please note that all of the offline ordering options do have additional fees for processing. To place an order by mail, fax, wire, and PO (when applicable), use the online form and then choose one of these payment options found in the Payment Method section of the form. Once submitted online, the appropriate information will be provided to you in your web browser to send your payment to us offline.

100% unconditional 30 Day Money Back Guarantee
